

1089

To whom it may concern;

My name is Nicole Hoffman, I reside in Seymour, CT and work in Milford, CT. I have a four year old son who is in the public school systems because he receives help for language, physical, and occupational therapy. I also work with children on the spectrum. I am for the SB 1089 sections 23-29. It is very important in my personal and professional life, parents and individuals deserve the chance to get the best help for their children; why is it that hair stylists have to be licensed; HVAC; even dentists, yet i don't believe that it is "alright" to have someone work a child's life (pretty much) and not have to be licensed. Our BCBAs and BCaBAs should have our support as well. I wouldn't want someone having a chance to work with my son who is not qualified!

If you would like to contact me, I can be reached at (203)953-8489 or [njhoff84@yahoo.com](mailto:njhoff84@yahoo.com).

Thank you for your time!
